
The AI
reads the message
picks one change from the list
A message
a claim, not a fact
Plan B
Checks the fact
looks up only what could change the decision
Lists the changes that fit
the time, the people and the budget
Transit alerts not connected yet
Plan B checks every change
allowed for this role
plan still current
within budget
Receipt
a written record of each change
Event plan
changed only after the checks
A person OKs money
held for free first
